

HERE IS THE LATEST photograph of Evelyn Thaw. She has been causing more or less of a sensation by her flouting of court orders requiring her to testify against Harry Thaw in his present sanity trial.

ALIENIST WHO SAYS

**THAW IS INSANE IS
BEST THAW WITNESS**

NEW YORK, July 13.—Dr. Austin Flint, the state alienist, under cross-examination today, alleged Harry K. Thaw was trying to hypnotize him. He cried: "Thaw stared at me for fifteen minutes straight." Laughter greeted this. Thaw's lawyers led Flint through a maze of questions. Although he reiterated his statement that Thaw was insane many believed him really Thaw's best witness.

**BARBARIC GLORY
AND SPLENDORS
MARK OPENING
OF CONCLAVE**

SEATTLE, July 13.—In a gorgeous array of barbaric splendor, with more than 100 highly trained bands and well drilled patrols participating, all garbed in uniforms of brilliant oriental design, the imperial potentate of the Shrine order today was escorted through the streets of Seattle to the Moore Theater to open the forty-first annual session of the organization.

The council was officially opened by Potentate Swallow of Nine Temple, Seattle. Addresses bidding the nobles warm welcome to the state and city were made by Governor Lister, Mayor Hiram C. Gill, Chairman J. E. Chibberg and Judge Thomas Burke, and were responded to in fitting manner by the imperial potentate, Dr. Frederick R. Smith.

**EVANSVILLE MEN ARE
AFTER POT OF GOLD**

EVANSVILLE, Ind., July 13.—Inspired by a recent story that appeared in an afternoon paper here, gold hunters for the last several days have been digging at night beneath large poplar and oak trees on Coal Mine Hill, two miles west of the city, in the hope of finding a pot containing \$5000 in gold coin.

No lost treasure has been recovered, but about twenty-five trees, each 100 years old, have been ruined by the fortune seekers.

The gold seekers read of a man who died in Kentucky, across the river from Evansville, many years ago, and of how, before he died, he buried across the Ohio river in a skull and buried \$5000 in gold in a pot under the roots of a large tree.

**FOR SHAME! CHARLEY!
HIS FILM IS BANNED**

LOS ANGELES, July 13.—The movie censors today banned a Chaplin film called "The Woman." They viewed it and blushed, then ordered the police to seize all the films exhibited after 2 p. m.

**CALIFORNIA WINES ARE
HELD TO RANK WITH
BEST FRANCE SENDS**

SAN FRANCISCO, July 13.—A paper written by the late Henry Lachman was today read before the International Viticultural Congress, now in session here. The paper said the greater part of the French "imported" wines were bottled in America after being mixed with California wines.

California wines, the paper said, frequently are bottled in bottles imported from France and sold as the French product.

California wines, in the opinion of experts, are fully as good as the French imported stuff.

**THOMAS A. EDISON TO
HEAD NAVAL BOARD**

WASHINGTON, July 13.—Thomas A. Edison's formal acceptance of the position of head of the Civilian Navy Advisory Board was today handed Secretary Daniels by M. R. Hutchinson, the inventor's agent.

**STEEL MILLS RUN AT
FULL BLAST IN EAST**

PITTSBURGH, July 13.—Officials of the various steel companies today declare that the steel mills are running to full capacity.

The situation is characterized as brighter than at any time within the last year.

Export bookings of the United States Steel Corporation consist almost entirely of war munitions.

**LOSES RACE WITH
DEATH BY HOURS**

LOS ANGELES, July 13.—Oscar Karpen, of Chicago, lost a race with death when he tried to reach the bedside of William Karpen, his dying brother, here. He arrived from Chicago this morning. His brother died last night.

**CARRANZA NOW IS
PLANNING BLOW
AT VILLA IN
QUICK TIME**

WASHINGTON, July 13.—General Carranza is apparently ready to smash General Villa by rapid strokes. The capture of Mexico City greatly encourages the Carranzistas.

Villa's activities around Aguas Calientes are not taken seriously. Border disorders are likely as the retreating Villistas near the United States line.

British cavalry swords have blades thirty-two inches in length and, with their hand guards, weigh two pounds.

**POSTAL OFFICIAL
SAYS OUTLOOK
IN BUSINESS
ENCOURAGES**

Congressman William Kettner of San Diego is today showing portions of Orange County to two prominent Washingtonians. They are Daniel C. Roper, first assistant postmaster-general of the United States, and James M. Baker, secretary of the United States Senate.

Roper and Baker have been in San Diego visiting the exposition. They were not due to leave there until tomorrow. Anxious that his Washington friends should see as much of Southern California as possible, Congressman Kettner arranged for them to leave San Diego this morning, he with them.

They arrived here at 11:49 this morning, took luncheon at the Rossmore Hotel with H. C. Head, chairman of the Orange County Democratic Central Committee, and Postmaster C. D. Overshiner, and immediately after noon they started by automobile for a trip that will take them through Tustin, Lemon Heights, El Modena, Orange, possibly Anaheim, Fullerton and Placentia. The visitors are going from here to Corona by automobile.

Talk of Conditions
At the Rossmore Hotel, Assistant Postmaster-General Roper talked interestingly and in a straight-forward manner concerning business conditions in the United States as reflected in the post office department.

"We claim that through our postal receipts we have the best possible barometer as to business conditions," said he. "It is a well known fact that depression and prosperity are shown in postal receipts."

"Aside from the fact that it is a known fact that business conditions have improved greatly, I could point you to certain definite figures gathered by the postal department. Every month we get reports from the entire country, and we make the footings. January of this year as compared with January of last year showed a loss of five and a half per cent, taking the total receipts of the country. February showed a loss of five per cent, March four and a half, May two per cent, and June thirty-one-hundredths of one per cent. By July the business of the department was back to normal."

Business Activity Coming
"These are actual figures. I believe that from now on business activity will go forward. You will feel it in this country. It will be felt all over the United States."

Roper stated that the post office department is better organized than ever before.

"Taking over the parcels post added a million packages a year to our mail department," said he. "By necessity, we have had to organize thoroughly. With an increased business and resources cut down by Congress, we had to and we did do thorough organization work. One step that we have taken has been to make it possible for clerks in the money department of a post office to assist in the mail department, and vice versa, as emergency demand. That is, make every clerk in a post office capable of doing work in any department of that office, and make it so that when needed a department can get assistance from another department of the same office."

Kettner Won't Say

"Have you made any announcement as to whether or not you will run for Congress again?" was asked Kettner. "I am not talking politics today," laughed Kettner. "I am out showing Southern California to my friends." "One thing that should be said," remarked Roper, "and that is—talking of past history now—that California never had a better booster and advertiser for his district than Kettner. If this district should fail to send Kettner back to Congress, it would do a mighty good thing for itself to send Kettner back to Washington just as an advertiser of the country."

**VANDALS THROW ROCK
AT OLD LIBERTY BELL**

SPOKANE, July 13.—Patriotic throngs today saw the Liberty Bell. Eighty thousand persons passed it between 8 and 11:30. It is stated that boy vandals stoned the bell between Pendleton and Walla Walla last night. One rock hit the bell squarely but did no damage.

**ELECT GEORGE BRIGGS
AS DIRECTOR OF BANK**

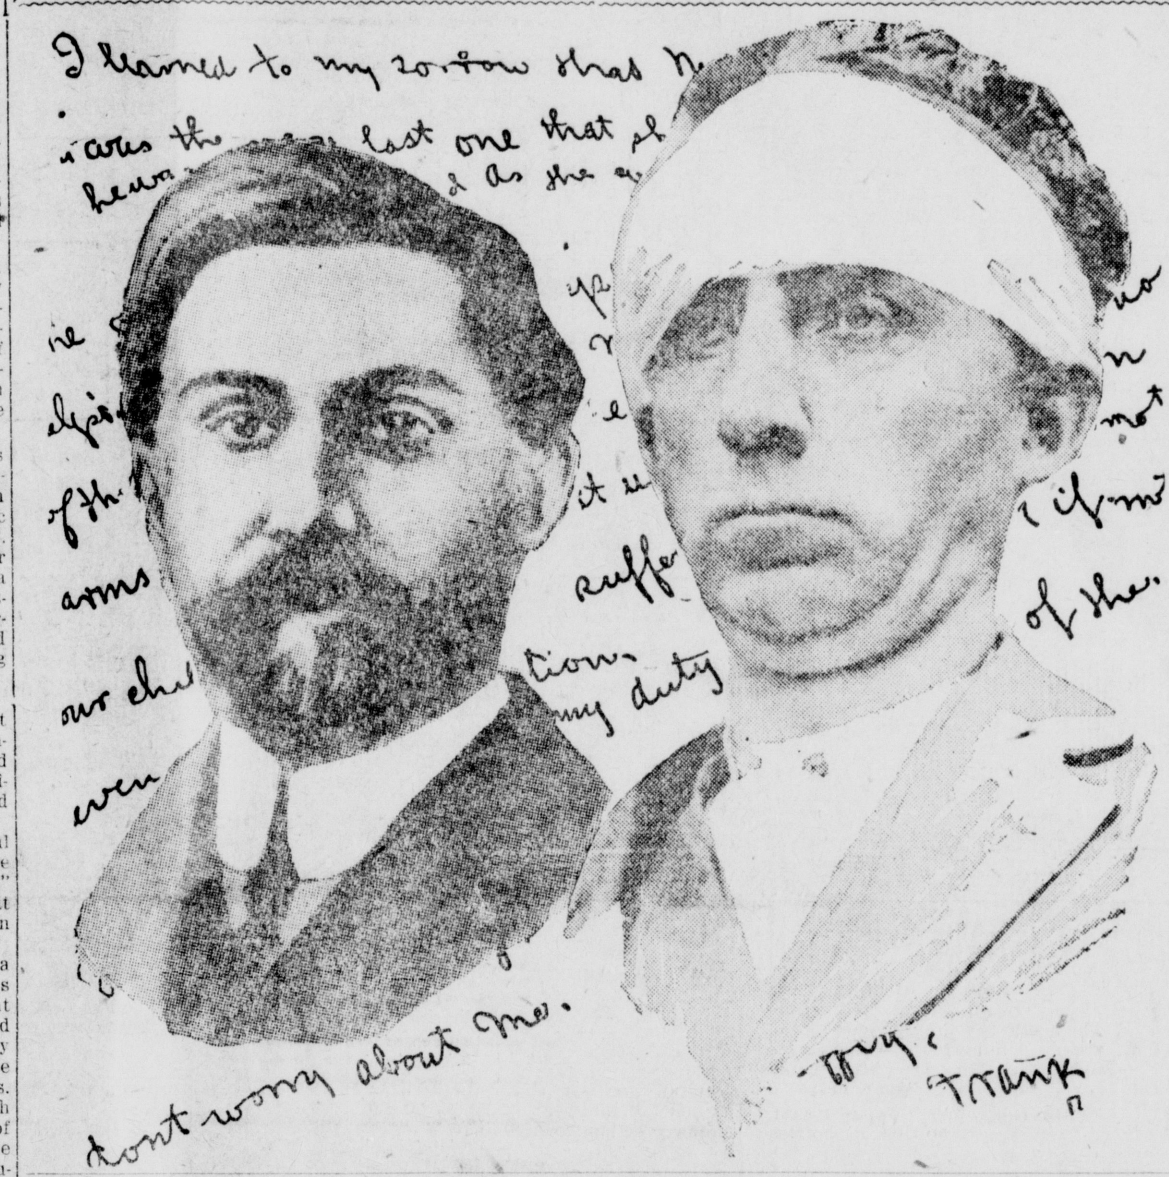

At a meeting of the board of directors of the First National Bank this morning George S. Briggs of 644 North Broadway was elected a director to succeed John McFadden, who died recently.

Plan Is to Win War From the Skies

WHILE FRANK HOLT, assailant of J. Pierpont Morgan, has saved the New York police the expense of a trial, they are still trying to definitely establish his identity. Below are two pictures—one of Holt and one of Erich Muentner. The police declare the two men to be one and the same. The handwriting of Holt shown in the picture is almost identical with that of Muentner, who has been sought as a murderer.

**SEATTLE EDITOR
CROSSES GREAT
RIVER; LONG
PROMINENT**

SEATTLE, July 13.—Colonel Alden J. Blethen, editor and owner of the Seattle Times, died last night after a lingering illness. The funeral will be held tomorrow afternoon.

The Seattle Times will continue to be published, the two sons of the deceased taking charge.

Col. Alden J. Blethen was a native of Maine, having been born at Knox, Waldo county, December 27, 1846, his parents being Alden and Abbie L. Blethen. After acquiring a common school education, he entered Wesleyan seminary and college, where he was graduated in 1868.

In 1872 he won the degree of Master of Arts at Beloit College. He then took up the profession of teaching and was lessee and principal of the Abbott family school at Farmington, Mt., from 1879 to 1873.

In the latter year Col. Blethen was admitted to the bar and practiced law in Portland, Me., until 1880 when he removed to Kansas City, Mo., and entered upon newspaper work. For four years he was manager of the Kansas City Journal. Thence he moved to Minneapolis where he purchased an interest in the Tribune and the Journal. He served as editor of the Tribune and manager of the Journal until 1888 when he sold his interest in those papers.

Col. Blethen repurchased the Tribune the following year but fire destroyed the building in November of the same year and thus suffered heavy losses. In 1890 he erected the new Tribune building at a big cost, but the great financial panic of 1893 brought disaster to him and he lost all he had saved.

While in Minnesota he served as colonel on the staffs of both Gov. Nelson and Gov. Clough. In 1896 Col. Blethen came to Seattle, where he purchased the Times, a small evening paper. The Sunday Times was added in 1902.

Col. Blethen was married in 1869 to Miss Rose Ann Hunter, of Strong, Me. They have four children, Alden Joseph Blethen, Jr., Clarence B. Blethen, Mrs. Florence Blethen Duffy and Mrs. Marion Blethen Mesdag.

STANTON, N. D., July 13.—J. L. Henke is on trial here today, charged with attempting to hold up a congregation, attending church services near Golden Valley.

**PERMIT IS GIVEN
CLUB TO INSURE
AUTOMOBILES
OF MEMBERS**

Members of the Automobile Club of Orange county are jubilant today following an interview which took place in Los Angeles yesterday between J. E. Phelps, state insurance commissioner, and A. S. Ralph, secretary of the club, in which Commissioner Phelps informed Ralph that the club could proceed at once with its business of insuring the automobiles of its members.

The Orange County Automobile club has secured quarters at 111½ East Fourth street and expects to begin business about August 1.

**TWO GUN FIGHTS
AT SAME TIME IN
2 STREETS OF
LOS ANGELES**

LOS ANGELES, July 13.—Two gun fights were raging simultaneously on two downtown streets early this morning, but without fatalities.

C. L. Hanson caught a burglar opening his window just before dawn and opened a revolver fire on the intruder. The burglar replied and fled to the front of the house. Here he paused to empty his reloaded revolver into the windows, then escaped.

At exactly the same hour two patrolmen discovered two Mexicans lurking around the city warehouse, and a running fight ensued. The policemen finally cornered their men and a duel followed with both sides crouching in the shelter of telephone poles. The Mexicans finally ran out of ammunition and surrendered. They were booked on suspicion of burglary, giving their names as Jose Flores and Manuel Rivera.

**CANADIAN NOVELIST
SERVES AS CHAUFFEUR**

LONDON, July 13.—It is learned today that Robert W. Service, the Canadian poet and novelist, is serving as a chauffeur for the Anglo-American ambulance corps in northern France.

**TERRIBLY BURNED BY
CHASING A KITTEN**

LOS ANGELES, July 13.—Pursuing a kitten today Paul Lauffenberger, aged nineteen months, fell into a pile of glowing coals in the back yard of his home. He was terribly burned but will probably recover.

THE CITRUS MARKET
NEW YORK, July 13.—Fourteen cars oranges, five lemons sold. Oranges, 10c lower for 200 sizes and smaller; others steady. Lemons, 10c higher. Oranges—average, \$1.41 to \$1.66. Highest—Glendora Alps, \$5.10. Weather—fair; temperature, 68 degrees.

**FRENCH AVIATION
CORPS SHELLS
GREAT TEUTON
BASE WHILE
GALE RAGES**

LONDON, July 13.—English aeronautical experts today launched a campaign to provide England with ten thousand aeroplanes for use in the war.

The slogan adopted for the campaign is:

WIN THE WAR FROM THE AIR

It is the plan to deluge every ammunition works and every supply route in possession of the enemy with bombs rained down from this monster fleet of aircraft.

L. Blin Desbelds, J. G. Wells and C. C. Gray, aerial experts, are leading the campaign.

A statement issued today in support of the movement says:

"Batter the Rhine bridges and the French trench fighting will be brought to an end."

"Send a thousand aeroplanes, each carrying five bombs, over the Krupp gun works and Germany's army will be paralyzed."
"Destroy the nine bridges over the River Meuse and cut off the German army supplies and the Kaiser will be brought to his knees."

Amplifying this statement, J. G. Wells said:

"If we can smash the Krupp gun works, we will hamstring Germany."
"We want aeroplanes going to and from Germany like ants around an ant-hill."

"We want a daily service of destruction to Germany."

**FRENCH MAKE DARING AIR
RAID ON TEUTON POST**

PARIS, July 13.—It is announced today that thirty-five French aeroplanes yesterday successfully raided Vignettes les Hattin, Chatelet, an important German strategic base. Despite a terrific gale, threatening to capsize the biplanes, the aviators braved a fierce artillery fire, swooped low and dropped one hundred and eleven explosives.

Quantities of munitions were destroyed.

All the French raiders regained their base safely.

German attacks in the labyrinth region have caused fierce bayonet fights underground. The Germans attempted to destroy the labyrinth artillery fire and preceded by a hail of gas bombs, the Germans, wildly masked, delivered a general onslaught.

The French shell cross-fire repulsed the attack.

Later the Germans again attempted to force the dark labyrinth of tunnels and a bloody fight ensued in the subterranean passages.

The Germans also attacked Apremont forest, hurling grenades, following a bombardment, but were repulsed.

**WIDE SPREAD BOMB PLOT
BELIEF IN CAPITAL**

WASHINGTON, July 13.—It is today authoritatively admitted that secret service men suspect a wide-spread anti-allies terrorist plot in the eastern states.

Not sufficient progress has yet been made to prove it, but the authorities say the planting of the great number of ship bombs indicates a master mind directing a plot.

Persistent but unconfirmed rumors say sensational disclosures are imminent.

**ALLIES OPPOSE GERMANS'
PROFFER OF LINERS**

LONDON, July 13.—It is reliably stated today that the allies will not follow any arrangement whereby the interned German liners might resume their sailings under the American colors, as under Foreign Secretary Zimmerman of Berlin, suggested.

Such a scheme violates the declaration of London and if such sailings are attempted the British will seize the liners.

**SHARP COMMENTS EXPECTED
ON LUSITANIA NOTE**

WASHINGTON, July 13.—Secretary Tamm today said that President Wilson probably would return to Washington the latter part of the week.

It is believed likely that President Wilson and Secretary of State Lansing are each drafting a separate reply and will confer and compare notes, then prepare a composite reply containing [CONTINUED ON PAGE 2]

the ideas of both.
Probably additional sharp comments will be made regarding the destruction of the Lusitania and the deaths of Americans.

AUSTRIAN AVIATORS BOMB VENICE, DOGE'S PALACE

MILAN, July 13.—It is announced that Austrian aviators again bombed Venice Sunday. Two buildings were wrecked and three women and children injured.

Bombs exploded near the Doge's Palace and in the Grand canal.

TWO BRITISH TRAWLERS SUNK BY GERMAN SUBMARINES

LOWESCAFT, July 13.—German submarines yesterday sank the British trawlers Merlin and Emerald. The crews landed here today.

GERMANS REPORT VICTORY IN 3-WEEKS' BATTLE

BERLIN, July 13.—The Germans, it

is announced, have won a three-weeks' battle when they stormed and captured 600 yards of French trenches in the "Red Cabara" region south of Souchez.

Both sides suffered heavily. The French attempted to divert the attack by assaults from the Souchez sugar refinery, but the German artillery frustrated this plan.

Four French attacks in La Petrie forest have failed.

ENGLAND TO PLACE BAN ON WORKMEN'S STRIKES

LONDON, July 13.—The government today took drastic steps to hurry munitions production.

Announcement was made that the government would not tolerate strikes or lockouts in South Wales, where there is a coal mine labor trouble threatened.

Walter Runciman, president of the Board of Trade, told the House of Commons the dispute threatened to result in 50,000 miners quitting work and intimidated the government was prepared to force the miners to remain at work and prevent the employers declaring a lockout.

GASOLINE LEAK STARTS BLAZE, HOME GOES

A leaky tank of a gasoline stove caused a fire that destroyed a two-room house in the rear yard of 107 Hathaway street, near First, yesterday afternoon at 6 o'clock. The house and some furniture were destroyed, the loss being about \$100.

The house was a shed-like structure occupied by Jesus Castillo and his wife. It was located a few feet from the house at 107 Hathaway street, occupied by D. Saldana and his family. Mrs. Castillo was not in the room at the time the tank caught fire. Castillo seized the tank by the rod, and quickly threw it out of the door into the yard. However, gasoline had leaked on to the floor, and it was impossible to save the building. A garden hose was used to throw a stream, but it was of no use. Saldana and other neighbors carried water in buckets. The fire department made a quick run to the place, and quickly put out the fire. The building was small and was practically gone before the firemen arrived.

Castillo rented the place. The owner lives at 614 1/2 East Second street. Castillo has his hands and forearms and the back of his neck scorched.

Castillo stated that he had about \$10 in silver in the kitchen. Immediately after the fire was put out, he began searching the debris for his money. He found most of it.

EAST CHAPMAN STREET BRIDGE WILL SOON BE UNDER WAY

After having taken the bid of the Holland Construction Company of Los Angeles under advisement for a week, the city trustees of Orange last night awarded its firm the contract for building the East Chapman street bridge. The company's bid was for \$7994. As soon as the bond is approved the Holland Construction Company will begin actual work on construction. The bridge is to be completed within 120 days after the contract is signed.

Another 10 days of values! Values greater than ever! Values which comparison will prove you cannot match anywhere in town. Our last sale was one of the most successful sales in our history. The reason is found in one word—VALUES. We are now running our GIGANTIC SUMMER SALE into a 10 DAY BOOSTER SALE, because—

Owing to the fact that Mr. Sebastian has recently left to spend his summer vacation, we feel the responsibility of remarking the entire stock to their original prices exceeds the responsibility of continuing the present sales prices. So we are taking it upon ourselves to be boosters, which means the route we have chosen is to do a bigger volume of business. The way for us to get more volume quickly is to sell goods of standard quality on an ever lowering price basis. THIS WE ARE DOING.

See for yourself how low our quotations are on the ten per cent of items you know about. Comparison of goods will show that on an overwhelming majority of the other 90 items in a hundred we give a better article and a lower price.

SILVERTOWN TIRES IN CHICAGO RACE MAKE SPLENDID RECORD

"The most remarkable part of the Chicago races, to my mind," said Frank R. Carroll, manager of the Goodrich Company, "was the performance of Harry Grant in driving the entire distance at a speed of 95.06 miles per hour without a single stop. Of course one cannot overlook the wonderful driving done by Dario Resta when he broke the world's record for that distance and set the tremendous speed of 97.4 miles per hour, and it is an indisputable fact that this could only be done on tires constructed on the Silvertown principles. However, the greatest test, it seems to us, was that of the tires, and Harry Grant gave them the most severe test they ever had when he made his non-stop record. It is remarkable that a machine could be so well put together that it will go 500 miles at this terrific speed and require no special attention, but after all, the machinery is steel and consequently the most indestructible material that can be used. However, when you consider that the tires which stood this awful grind between ponderous cars swinging along at this enormous speed, and the grit and grind of the road below, it seems little short of a miracle that so frail a substance as rubber and cotton cord could stand this strain. Certainly, this proves beyond the shadow of a doubt that the material as well as the construction of the Silvertown tire is the proper one."

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

"COME AND FROLIC"

Youngsters Have Delightful Farewell Visit With Little Playmates

Mr. and Mrs. A. L. Pickering of 514 East Pine street are moving into their pretty new home on North Sycamore street and this afternoon Mrs. Pickering succeeded in giving the little folks in her neighborhood a good time as a "farewell" for her children, Lee, Martha, Ella and Anna Pickering, who will be keenly missed by their playmates.

A series of favorite childhood games were played at this merry "come and frolic" party on the lawn and, of course, there was a delightful treat before "goodbyes" were said.

Among those joining in the afternoon's fun were Vera and Joan Thompson, Jean and Lois Winslow, Arda, Clarence and Carl Westmoreland, Evelyn and Great Andre, Lolita and Leonard Davis, Raymond, Henry and Josephine Sienland, Mildred and Virgil Reed, Mary Gowdy, Louise Turner, John Sylvester, Lee, Martha, Ella and Anna Pickering.

Daughters of Veterans
Despite vacation days and illness among several members there was a good attendance at the meeting of the Daughters of Veterans yesterday afternoon at the G. A. R. hall, which is ever decorated with glorious stars and stripes.

In the absence of the president, Mrs. George Smith, the senior vice president, Mrs. W. E. Ward presided, and in her usual pleasing manner she succeeded in making the meeting very lively and interesting.

Among topics discussed during the regular business routine was the Veterans' association meeting at Huntington Beach for which plans are being completed.

This order has decided to take no summer vacation this year, but will hold its meetings as usual.

Reception Tonight
A reception will be held tonight at the First Presbyterian church for the new members who have been received during the past three communions.

The Ladies' Aid Society has charge of this social affair which is ever an enjoyable feature.

A good program has been prepared, refreshments will be served and all

members are urged to come and get acquainted with the new members, extending to them a cordial welcome.

C. W. B. M. Meeting
In the Sunday school room of the Christian Church tomorrow afternoon at 2:30 o'clock, Mrs. L. G. Thompson will address those interested in missionary work.

Mrs. Thompson is secretary of Young People's missionary work and also a member of Southern California missionary work.

A large attendance is desired and a good meeting assured.

Treat for Pitters
The apricot pitters who have just closed their season at the H. W. Rohrs orchard on East Santa Clara avenue, were given a bountiful treat of ice cream and cake, yesterday by Mr. and Mrs. Rohrs.

To 'Frisco Via Auto
Mr. and Mrs. E. B. Smith, daughters, Miss Leslie Smith and Mrs. Ada Preston and Mr. Smith's brother-in-law, Jesse Talbot, who is visiting here from the east, left this morning via automobile for San Francisco, expecting to be gone ten days.

Former Santa Ana Teacher Weds
Miss L. Mabel Nash, formerly a teacher in the Santa Ana schools, was married in San Francisco on July 6 to Mr. J. P. Sieman, teacher of chemistry in the Imperial University of China at Shanghai, after a trip to Yosemite, New Orleans, Chicago and Yellowstone Park Mr. and Mrs. Sieman will sail for Shanghai on August 25.

Helpers Enjoy Treat
Mr. and Mrs. Gowdy of Depot and Mayberry streets on Saturday gave their helpers in the apricots a treat of ice cream and home-made cake which was greatly enjoyed by all.

Leaves for Delta
Mrs. Irvin Greathouse left this morning over the Salt Lake route for Delta, Utah, to join her husband on the eighty-acre ranch recently purchased by Messrs. Greathouse and Jasper Osborne.

The land is eight miles from Delta and at present is sown to wheat which is now in flourishing condition, promising fifty bushels to the acre, threatening to begin soon.

Mrs. Greathouse and her sister, who was formerly Miss Edith Wells, will soon be nicely located in new homes built on each end of the ranch.

SUPERVISOR SMITH ILL
Supervisor H. E. Smith of Santa Ana is ill at his home on East Washington avenue. An attack of indigestion is responsible.

NOT AT FAULT
In the Register's account yesterday of the automobile-motorcycle accident at the corner of Fourth and D streets the wording of the article made it possible to infer that Victor H. Fross' automobile rammed Pedro Peroc's motorcycle. Fross states today that Peroc's motorcycle struck the automobile and that Peroc was at fault in the matter.

A GOOD HOUSEHOLD SALVE
Ordinary ailments and injuries are not of themselves serious, but infection or low vitality may make them dangerous. Don't neglect a cut, sore, bruise or hurt because it's small. Blood Poison has resulted from a pin-prick or scratch. For all such ailments Bucklen's Arnica Salve is excellent. It protects and heals the hurt; is antiseptic, kills infection and prevents dangerous complications. Good for all Skin Blemishes, Pimples, Salt Rheum, Eczema. CHATT 'N SEAU

Club Members Hold Merry Meeting On Pretty Roof Garden

The pretty roof garden of the Meyer Apartments was the scene of a merry gathering last evening when Miss Edna Meyer entertained the members of the Chatt 'n Seau Club.

Gay colored Japanese lanterns illuminated the pleasant meeting place and masses of Shasta daisies and ferns were also used in decorating.

Besides needlework, instrumental and vocal music was enjoyed during the informal hours which closed with the serving of delicious refreshments. Small tables, centered by pretty bouquets of Shasta daisies and ferns, were utilized for this purpose, the menu consisting of tuna salad, wafers, olives, iced tea, ice cream and cake.

Those present included Misses Mabel Brooks, Esther Plumer, Jane Stanley, Lucy Stevens, Mamie Tucker, Belle Brown, Alice Huntington, Emily Lykke, Helene McNeil, Mrs. Frank Hammett and the hostess, Miss Edna Meyer.

Mrs. Frank Hammett will entertain the club July 26th at her home on South Flower street.

AMUSEMENTS

At Clune's
"The Juggernaut" which was billed as "the colossus of modern railroad dramas," made good on this appellation at Clune's Theater during yesterday's matinee and two evening performances. Earle Williams and Anita Stewart in the leading roles once again proves their sterling abilities as film actors. Williams has perhaps never had a more sympathetic part than the one he is called upon to take in "The Juggernaut." Miss Stewart, always charming and winsome, endeared herself to her audience in the part of the railroad president's daughter. The film is so stupendous and so cleverly staged that Clune's patrons are keenly disappointed that it was shown during yesterday only.

For today and tomorrow Clune's is billing "A Man and His Mate," flimazied from the play and novel by H. R. Durant. This drama is said to be one of the most interesting that has been shown in "the movies" in some time. The vaudeville bill registered a big last night. Kay and Howard, with their musical comedy act, were very well received. Trask and Montgomery were also accorded a splendid reception with their comedy singing.

Clune's patrons are delighted with the music that is being offered by the orchestra at this popular theater. The orchestra has been considerably augmented of late and the men play the various selections in a very musical manner.

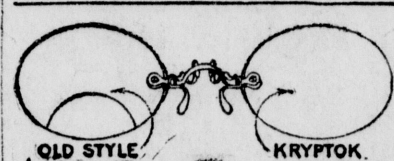

West End Theater
"Stolen Goods," in which Blanche Sweet is to make her third appearance under the management of the Jesse L. Lasky Feature Play Company makes very novel and striking use of the problem of exchanged identities. Margery, who has suffered under serv-

ed imprisonment because of Helen, has become a Red Cross nurse, and Helen, by a strange chain of circumstances, is in the same Belgian hospital as Margery when it is struck by a bomb. Margery escapes but Helen is apparently slain. The war has robbed Helen of all her wealth, but she is provided with a ticket to America and a letter to an old friend of her family. Margery appropriates the ticket and the letter, knowing herself to be about the same height and weight and age, and more or less similar in appearance. She succeeds in impersonating Helen.

It then develops that Helen is not slain and she goes to America and attempts to establish her identity. Margery, in the character of Helen, finds herself in the midst of her life's great romance, but has the courage and greatness of heart to admit the truth. And she is rewarded by finding that the man in the case loves her just the same. "Stolen Goods" will be shown Tuesday, Friday and Saturday at the New West End Theater.

At the Lyric
The compelling story of "Kreutzer Sonata," Tolstoy's masterpiece, which was presented at two performances this afternoon at the Lyric Theater, will again be repeated at two shows tonight beginning at 7:15 and 9 o'clock p. m. It may be called the drama of the clash of the "old order changing giving place to new," throughout its shifting scenes, from the sombrely sad plains of Russia, to the thrifty atmosphere of rural Connecticut, and the rush and turmoil of New York City this theme and the tragedy of a noble woman's soul betrayed and relentlessly crushed form the motif of this play of splendid force and sweeping power. The splendid emotional acting of Nance O'Neil is to be commended, while that of Theda Bara, the

COMING

EMINENT SPECIALIST

5 Days, Thursday July 14, to Monday, July 19, will be at Hotel Rossmore

DR. RANDALL, PHYSICIAN IN CHIEF TO THE CALIFORNIA DIABETES SANITARIUM OF LOS ANGELES, CAL.

A great treat for those suffering with chronic ailments and especially those afflicted with

DIABETES

Kidney, Liver and Bladder troubles.

Dr. Randall is an authority, being author of "Cause and Treatment of Diabetes," and only after strong persuasion of many afflicted with Diabetes and kindred ailments who were unable to visit him at his office in Los Angeles did he decide to visit a few important cities in this state that those who are suffering with so-called incurable diseases may be able to consult him personally.

And in order to introduce his great discovery to those who are unfamiliar with his mode of treatment, and to prove its merits and all he will on this, his advertising visit to our city, to those who apply, render his services free and medicine at actual cost throughout the entire course of your treatment. The doctor believes in helping suffering humanity. So do not neglect your health. But take advantage of this FREE OFFER.

No matter what your ailment, if it is chronic, you may consult without cost or obligation on your part, this specialist, and you are invited to do so.

This treatment can be used just as effectively at home as in a sanitarium, so after the Doctor has examined and delivered your treatment, it only remains for you to follow his instructions to receive the desired results.

It means all to you if you are suffering with Diabetes to see this specialist. So do not neglect to

see him at this time and inspect the sworn testimonials of patients who have been cured by his discovery in the treatment of Diabetes and other chronic ailments. His great discovery has also proved equally successful in the treatment of diseases of the stomach; Rheumatism, Eczema, Blood, Nerves and Catarrh in all its varied forms.

Note what Mrs. R. H. English of 108 South Main street, this city, says:

She certifies that in October, 1914, she was very miserable and consulted a number of physicians, who pronounced her complaint diabetes with a blood pressure of 240. A friend of hers recommended that she take treatments of Dr. Randall of Los Angeles with the result that she is today sound and well with a blood pressure of about normal, having been cured several months and is now eating almost anything that she desires to partake of. It is through the great results that she has received from Dr. Randall that she can recommend him so highly. She has always found him a conscientious gentleman and willing to do his part.

Statistics tell us there are more than 100,000 people dying annually from DIABETES AND BRIGHT'S DISEASE in the United States and the Human Factor says \$9,000 of this number could have been saved had the disease been discovered in its early stages.

Therefore, if you are not feeling well, and that the doctor may determine the exact cause of your ailment and complete the diagnosis, bring a specimen of your urine for chemical analysis and receive a thorough examination free.

THIS OFFER IS FOR ALL THOSE AFFLICTED WITH DIABETES, KIDNEY, LIVER, BLADDER, PROSTATE, CHRONIC TROUBLES AND ALL DISEASES OF A URIC ACID DIATHESIS AND IS AN OPPORTUNITY OF A LIFETIME TO CONSULT, WITHOUT CHARGE, A REAL AUTHORITY IN THE ABOVE DISEASES, AND LEARN YOUR TRUE PHYSICAL CONDITION BEFORE IT IS TOO LATE. YOUTHFUL YEGGS MAKE ATTEMPT TO BREAK OFF SAFE'S DOOR

Youngsters are believed by the local police to have been responsible for an attempt made last night to break into the safe in the office of the Banner Mills, 207 French street. The heavy outer hinges of the safe were hammered off. There was no attempt to remove the combination lock these facts leading the police to believe that the work was done by young boys.

Between Saturday evening and Monday morning some one had entered the premises and ransacked the desk in the office, scattering papers and documents about.

The police were told of this occurrence. Footprints, presumably made by youngsters were found in the building and in the back yard.

Last night's attempt at breaking into the safe was evidently made by the same persons who entered the building and office during Saturday night or Sunday.

The prowlers had no difficulty in getting into the building as there are a number of broken panes of glass in some of the windows.

To break off the hinges of the safe wrenches and hammers were taken from the tool house of the mill. A flour sack was used to deaden the sound of hammering. As there were no matches on the floor it is supposed that the would-be thieves used either a flashlight or turned on the electric lamp in the office.

The office is in plain view of the street.

BOARD OF SUPERVISORS

WILL OPEN BIDS FOR SANTIAGO BOULEVARD

Proposal to Continue South From Shoemaker Corner Is Not Favored

Bids for the construction of the Santiago boulevard will be opened on July 27. The date was fixed this afternoon by the Board of Supervisors upon the statement of the County Highway Commission that plans and specifications for the boulevard are ready for the contractors.

As prepared the route to be followed was not changed in accordance with the petition of those interested in El Tovar rancho. Those petitioners asked that Tustin avenue be paved south from Shoemaker's corner to El Tovar corner. The turn is to be made at Shoemaker's corner as was planned before the El Tovar plan was proposed. Santiago boulevard runs from Olive through Villa Park to El Modena.

To Build Bridge

The supervisors passed a resolution confirming the action of Orange in letting a contract to Holland Construction Company for building a concrete bridge across the Santiago creek on East Chapman avenue. The county agrees to pay one-third of the cost. The contract price is \$9994.

TWO NEAR DEATH AS AUTO RAMS BICYCLIST AT ANAHEIM

Struck by an automobile at the corner of Center and Los Angeles streets, Anaheim, M. Rolfe and his ten-year-old sister-in-law Ada Tripp, both of whom live at 1006 West Center street, Anaheim, were injured. Rolfe severely, when they were thrown from the bicycle upon which Rolfe was carrying the girl on the handlebars.

The accident occurred at about 6:30 o'clock. Rolfe and his sister-in-law were riding west on Center street. The automobile approached from the south on Los Angeles street. At the intersection of the two streets, the driver of the car seemed to become confused, according to witnesses of the accident, and failed to apply his brakes when he saw that a collision was unavoidable.

Both Rolfe and the girl were thrown violently to the pavement. In some manner Rolfe managed to throw the child forward and away from the automobile. The little girl escaped with a few bruises. Rolfe was severely shaken up and sustained bruises and lacerations about the body. There were no bones broken.

The police at Anaheim have the name of the driver of the automobile.

JUDGE DECLARES MAN'S MOTHER GOT VERDICT

Joseph Grant, Found Guilty, Seeks Probation—Sister With Note Wins Suit

"Here, as in many steps of life, we see the godly influence of a mother," said Judge West this morning as Joseph Grant, Jr., faced him. "When the jury brought in its verdict as it did, its decision was for your mother, not for you."

Grant was charged with assault with a deadly weapon with intent to murder W. A. Hensley, at whom he fired four shots.

The jury brought in a verdict finding him guilty of "assault with a deadly weapon," a lesser offense than that charged. With the verdict came a recommendation of leniency.

The evidence showed that Grant and Hensley had been drinking. They were riding from Newport Beach to Los Angeles in an automobile when the altercation occurred. During the trial, Grant's mother, a woman of refinement, sat with him.

This morning P. C. Drumm of Orange, who made a hard fight for Grant, made a strong plea for probation. He argued that Grant had been guilty of indiscretions, but he believed he would make good if given a chance. His record showed him to be industrious and reliable in his work as a machinist and automobile repairer.

Judge West quizzed Grant closely.

AVOID HEATING FOODS IN HOT WEATHER

Bill of Fare Should Vary Greatly in Winter and Summer

About this time every year the magazines and newspapers are in the habit of publishing a list of "DON'TS" for hot weather. One of the most prominent of these is "Don't eat heat-producing foods during the summer season." To-day housekeepers, having the good health of their family at heart, are realizing more and more the necessity for varying the bill of fare radically in winter and in summer.

In order to prepare an attractive variety of warm weather foods and desserts, every woman should have a thorough knowledge of the possibilities contained in that delicious food product—Cornstarch. While corn starch is an all-the-year-round article of diet—it is of special value in the preparation of the most delicious ice creams, frozen custards and frappes imaginable. But to insure the best results, it is essential that the cornstarch be of the best possible quality.

Those having the most satisfactory results with cornstarch recipes always depend upon the old reliable Kingstons brand—which can be obtained at all modern grocers. When ordering Kingstons' Cornstarch, ask your grocer for a copy of the little Kingstons' Cook Book, which contains the recipes for warm weather dishes referred to above, as well as much valuable culinary information.—Advertisement.

CITY TRUSTEES CENSORS NAMED FOR THEATERS AND MOVIES

Rev. Paul E. Wright, J. S. Adams and Mrs. A. J. Crookshank Appointed

JIT-TRAFFIC LAW PASSES Dips on West Fifth Street Or- dered Fixed—Law on Gasoline Tanks

At the meeting of the City Trustees last night Mayor Visel announced that he had appointed Rev. Paul E. Wright, pastor of the First Christian Church; J. S. Adams of the Santa Ana Bulletin, and Mrs. A. J. Crookshank, prominent in women's affairs, on the Censor Commission for moving picture shows and theaters.

The appointments are made under an ordinance passed two or three years ago. Under the ordinance the commission has the right to prevent undesirable shows from being put up on the stage here. It can stop moving pictures that it deems ill.

The former commission went out of

office with the expiration of the terms of the former City Trustees. No reappointments were made. Two weeks ago committees from the W. C. T. U. and Parent-Teacher Associations asked that the commission be filled. Mayor Visel was given authority to make the appointments. Last night his appointments were announced.

For Re-Districting
A letter from County Surveyor McBride was read. It stated that under the law Santa Ana would have to be re-precincted for the county, and he asked that the city give him whatever suggestions it has, so that the city and county precincts may correspond. The matter was referred to the city attorney for a report on what the law requires.

J. and H. Ross were granted a junk dealer license for 415 West Fifth street.

Shirley Horton of 315 Cypress street was the only bidder for the fertilized output of the city barns and for the street sweepings. His bid was \$75. Trustees McPhee and Tubbs thought the bid too low. The bid was rejected, and re-advertisement was ordered.

The petition of O. L. Halsell for permission to put up a corrugated iron addition at the rear of 211 West Fifth street was referred to Tubbs and McPhee.

J. H. Pankey was given a permit to lay two temporary irrigation pipes across Artesia street.

Gasoline Tanks
Fire Chief Young asked that he be instructed to order a number of gasoline tanks removed. He said some of the bakeries and groceries have tanks above ground. These are a fire menace. Some have the distillate tanks on top of buildings so that burners are fed by gravity. He asked that he be given a copy of all the fire laws so that he can see what's what.

City Attorney Scott said he would look up the various ordinances, and Young will be advised as to the law regarding gasoline tanks situated above ground.

Mrs. M. E. Wells was given permission to canvass to sell a sewing machine attachment, without a license being required of her.

Moore was granted a license to operate a candy-making machine at Fourth and Sycamore.

Pipeline First
Trustee Maryatt said that Wm. McGreavy, who owns 150-foot frontage on East First east of the Santa Ana, wanted all pipes laid in front of his property as he proposes to have it paved to the curb when East First's 20-foot strip in the center is being paved.

The trustees talked the matter over, and the consensus of opinion was that it would not be advisable to pave part of the street full width and part only down the center. It was decided best to have water, sewer and gas mains all laid before the strip is paved. The city attorney said these pipes could not be forced down on acreage property.

Permit was given to remove a tree at 301 South Birch street.

Trees Must Go
A representative of the Nazarene Church said that the plan to curb West Second between Garnsey and Flower streets would put the curb just at the outside edge of the trunks of several walnut trees that the church wants to save.

In reply it was pointed out that the street is narrow—only thirty-three feet between curbs, and that it would not do to deviate from the line. Accordingly it was decided that the curb line would not be changed. The trees will not be cut until after this year's crop is harvested. The curb may be put in beside them.

Reduce the Dips
McPhee said that Sunday he saw springs on two machines broken by a

dip on West Fifth. He said that the dips at the intersections of West Fifth with Birch, Van Ness and Patton ought to be fixed. On his motion the street department was instructed to attend to the fixing.

It was ordered that the wiring of the Temple Theatre, now closed, be thoroughly inspected before it is again opened.

For a long time there has been trouble with short circuiting of wires connected with the fire alarm box at Tenth and Spurgeon. City Electrician McCulloch located the trouble in interference with branches in trees in front of the Perkins residence. Rather than cut the trees, the city last night instructed the Home Telephone Company to put in a new, higher pole so that the fire alarm wires and telephone wires can be put above the trees.

Consider Heating
Water Superintendent Reid said that the present board of education is considering the advisability of having the poly high buildings heated with water from the water works. Reid and Trustees Maryatt and McPhee were appointed as a committee of the board to confer with the school board in regard to rates and arrangements.

With the specific understanding that no precedent was being established, the board voted to furnish water to the school board for irrigating the grounds around the poly high so that they can be put into shape for planting shrubbery and grass.

Rates for Big Users
Water Superintendent Reid reported that some of the biggest users of water should be given a special rate by the city. He said that Taylor's Cannery was thinking of putting in a well. The city ought not to lose the patron. Reid said that the water bills paid in the last year total as follows:

S. P. \$57.70; Santa Fe, \$210; Taylor's Ice Plant, \$492.95; Taylor's Cannery, \$40.90; Santa Ana Steam Laundry, \$88.45; People's Laundry, \$205; County Courthouse, \$556.95. The Santa Ana Steam Laundry has a well of its own, and uses city water for an extra supply.

"With our new machinery," said Reid, "we could today have supplied Santa Ana with 1,000,000 more gallons of water than it used."

McPhee moved that twenty-five per cent discount be allowed all water users whose bills go over \$100 per year. This carried.

New 'Hitbushney' Law
The new traffic ordinance was given its last reading last night, and was passed. It will go into effect as soon as published, either today or tomorrow. Visel suggested that it would be well to have a policeman spend several days in educating the public as to the provisions of the new law, and upon that suggestion it was decided to employ an extra policeman for that purpose for five days.

The street department was instructed to erect proper signs to designate restricted districts.

McPhee said that he thought the city police had been enforcing the ordinance a little too strictly in regard to having the wheels of the auto within eighteen inches of the curb. He suggested that the cops be a little less enthusiastic.

City Marshal Jernigan stated that he and Officer Pond had been using their best judgment in the enforcement of the ordinance, and had not made it difficult for auto owners. For instance, when bicycles or motorbikes interfere the auto owner has not been taken to task.

A new ordinance making it necessary that a permit be secured before private contract work can be done in laying a sidewalk or curb was given first reading.

PRINCIPAL WILL REMAIN HERE DECIDED

E. H. McMath Gives Board
Notice of Acceptance of
His Reappointment

Question as to whether or not E. H. McMath would remain here as principal of the Santa Ana high school was definitely decided last night when McMath gave the city board of education notification that he had accepted reappointment as principal.

McMath was given reappointment several weeks ago, but for a time it appeared likely that he would not remain here. However, his decision has been made, and for the year 1915-16 he will be the principal of Poly high.

McMath ranks as one of the best high school principals in the state. He exercises excellent control over his students, and is a recognized leader in activities that are for the best interests of the schools.

Last night the resignation of Benjamin H. Barr as a teacher in the manual training department was accepted. He is going to St. Louis, Mo., to teach.

The board appointed George D. Weeks, formerly a teacher in Denver, Colo., as head of the manual training department.

The committee having in charge plans for getting the Poly high grounds in shape for planting stated that the work will be started soon. Plans for the planting have not yet been adopted.

A Word With the Man Who Is Seeking a Ranch

There are three essential considerations that should enter into the location of the ranch you choose. First, it should appeal to you from a standpoint of happiness, where your family is going to be both comfortable and contented; in the second place it should appeal to you from a standpoint of health, and in the third place and more important of all it should appeal to you from a standpoint of dollars and cents in profit.

Do you know any place in California where you can buy land within four miles of a rapidly growing city of 50,000 people that has doubled its population three times within the last fifteen years? Consider the size of this, your home town, think what is the cheapest good land with water you can buy within four miles of here and you will find that it runs in the neighborhood of at least \$500 per acre. Now, if you could buy as good or better land that would raise as much or more to the acre with abundance of water delivered to your land for a total cost of one dollar per acre per year regardless of the amount of water you used, and you could buy that land at \$200 per acre and be reasonably assured of its netting you twenty-five per cent a year, you would be interested, would you not? I have exactly the above to offer, in addition it is within four miles of one of the fastest growing cities of 50,000 people in California, with a street car operating every hour to take you into the heart of this city in twenty minutes time and a fifteen-cent fare. Offering the best of stores, churches, schools, theaters, markets and all city comforts, in one of the most healthy sections of this state. You can practically buy this land upon your own terms. I have some exceptional inducements to offer the first 100 settlers, if you are in the market for good land, it will pay you to see me quick.

LIBRARY ASKING APPROPRIATION BE INCREASED

Of 67,138 Books Circulated
Last Year, 51,000 Were
Books of Fiction

BIG GROWTH SINCE 1907

Annual Report Indicates the
Work Done at Well Gov-
erned Public Institution

In its annual report to the City Trustees, the Board of Trustees of the Santa Ana Public Library last night asked for a tax rate of not less than nine cents. In other words, the library is asking for \$1,000 more than it had last year, when its total receipts on a seven-cent levy was \$487.81.

The report shows that the work of the library has increased greatly, and that its needs in order to continue to fill its place in Santa Ana are increasing.

The Santa Ana Public Library has shown a gain of over eleven per cent in its circulation for 1914-15 over the year previous. The total circulation for the last fiscal year was 67,138, and that is a gain of very close to 100 per cent over the circulation of 1907.

Of the 67,138 books handed out over the library desk to be taken home for reading, 51,144 were fiction books. The rest of the circulation comes under the following heads: Magazines, 3,226; philosophy, 417; religion, 493; sociology, 2,005; philology, 24; science, 1,231; useful arts, 1,294; fine arts, 1,052; literature, 2,477; history, 3,785.

The average daily circulation was 222, and the average monthly circulation 5,594. Last August with a circulation of 6,997 was the biggest month of the year.

The home circulation of books by years since 1906 follows: 1907, 39,481; 1908, 42,183; 1909, 43,837; 1910, 47,588; 1911, 45,406; 1912, 52,227; 1913, 58,785; 1914, 60,425; 1915, 67,138.

The report of the Board of Library Trustees contains a detailed account of receipts and expenditures for the last year. A general statement, in which the request for a nine-cent levy is made, follows:

Gentlemen:—In accordance with the requirements of the State Library Law the Board of Directors of the Santa Ana Free Public Library herewith submit their report for the year ending June 30, 1915, together with the report of the secretary and librarian, showing the work accomplished during the year and the present condition of the library, to all of which your attention is most respectfully invited.

The receipts derived from city taxes, fines and the book reserve fund amounted to \$3,415.57. Of this amount \$1,723.26 has been expended for new books, periodicals and rebinding of old books. The annual running expenses of the institution, including salaries, supplies, light, fuel, furniture and fixtures, etc., has totaled \$3,495.

The board desires to state that although the report of the secretary shows a cash balance of \$1,904.48, about \$1,600 has been set aside to defray salaries and running expenses until the next tax distribution. Besides this there will be bills for books and binding that will have to be paid.

The total accession of bound volumes for the year was 1,226. The loss (Concluded on back page.)

How, and Why, —the GOODRICH "Fair-List" Propaganda now saves Car-Owners, yearly, over \$25,000,000 on Tires

THERE are 1,923,951 Automobiles now State-licensed, and running, in the United States. Of these, 1,803,951 are Pleasure Cars—i.e., exclusive of Trucks, etc.

More than 90% of them, or about 1,623,555, use Pneumatic Tires.

Each car will wear out and replace, on average, about one Set of Four Tires per year.

Therefore, the interests of each Car-Owner as well as each Car-Manufacturer, each Car-Dealer, and Salesman, is vitally and personally affected by the price of Tires to Consumers.

Because,—Tires and Gasoline are the two big items of consumption in the operation of Motor Cars.

The Owner who used his Car 1,000 Miles less per year, than he would have done, because of "the high-price of Tires and Gasoline," received that much less return from his entire investment in the Car proper.

The potential, or prospective, Car-Owner who fails to buy a Car because of "the high cost of Tires and Gasoline," or he who, for the same reason, stores his Car and does not run it during a considerable part of the year, is a direct loss to

—1st—Automobile Manufacturers, as a class.

—2d—Automobile Dealers, as a class.

—3d—Garage Owners, as a class.

—4th—Lubrication & Gasoline Manufacturers, as a class.

But, he is a greater loss to TIRE Manufacturers, and Dealers, as a class, than to any others.

Because,—

—Gasoline and Lubricants, for instance, can be sold to the Owners of Motor Boats, Stationary, and other Motors.

But,—Automobile Tires can only be sold, in the ultimate, to the man who OWNS a Car, and who wears out Tires through using it.

EVERY mile that each Automobile runs, means an automatic Sale of Tires to replace that mileage with new Tires.

But, all the Salesmanship, and all the Advertising, under the Sun, could not increase, by a single Tire, the total sales of Tires beyond the number of Cars owned by Consumers, and the number of Miles each Consumer runs his Car yearly.

The Market for Tires is therefore limited inflexibly, to the number of Cars running, and the Mileage which each Owner is induced to run yearly.

Therefore, we opine that to promote greater Sales, and greater use, of Automobiles, few better incentives can be offered than markedly-lowered cost, TO CONSUMERS, for Tires and Gasoline.

Just as we recognize that the only legitimate expansion open to the Tire Industry, as a whole, would be due to the Sale of more Automobiles each year to Consumers, with a greater average Mileage USE, per year, of each Car by each Owner.

That is why we favor the lowest possible price for Tires,—to Consumers, consistent with maintenance of high quality and a fair profit to Dealer and Mfr.

So this, then, is a leading reason why WE initiated, and propagated, that Goodrich "Fair-List" Movement which we publicly announced in the press on Jan. 31, 1915, and which caused practically every Pneumatic Tire Manufacturer in this Country to follow our lead and bring his prices down to a fairer level.

THIS is also the reason why some Tire Manufacturers, who could not, or would not, "meet" our BASIC prices for Pneumatic Tires (even though our "Fair-List" Propaganda obliged them to make heavy reductions off their former Lists) might erroneously suppose that "Goodrich" Tires have been cheapened in Quality, as well as in price.

Hence this explanation (to the Public, to Car-Manufacturers, Dealers, Car-Salesmen, Garages, and Tire Dealers generally) that we deem it "good business" to sell the best Goodrich Tires (of fabric construction) we have ever made, at the fairest price possible for such quality.

Hence, too, the following TEST offer to Consumers.

—We will cheerfully pay for any Goodrich Safety "Non-Skid" Tire, sold since our "Fair-List" price-reduction (announced on January 31, 1915), which when cut open shows any reduction in quality, in number of layers of Canvas, in thickness, or quality of Rubber, when compared with any other Goodrich Safety "Non-Skid" made by us, and sold at our higher prices current before the Goodrich "Fair-List" Movement.

And,—this is further to authorize any Tire-User to extend this Offer (at our expense) to any Tire Dealer, or Manufacturer.

We ask Car-Owners, and Tire Consumers, in their own interest, to see that no "implication" of lowered quality in Goodrich Tires goes unchallenged—just as we have protected their interests, for our own sake, through our "Fair-List" Propaganda.

BECAUSE of that GOODRICH "Fair-List" Propaganda, every Car-Owner who now buys any make of Tire sized 37 x 5, now saves on each set of 4 Tires, an average of about \$46.27.

—Every Car-Owner who uses 34 x 4 Tires, of any make, now saves, through the Goodrich "Fair-List" Propaganda an average of about \$26.15 per Set of 4 Tires.

Made as always—

- The same reliable Construction.
- The same dependable Service.
- Nothing whatever taken out of materials or Quality, no matter what reductions in List-Price are ever made.

—Every Car-Owner who uses 30 x 3 1/2 Tires, now saves, through the Goodrich "Fair-List" Propaganda, an average of about \$14.70 per Set of 4 Tires.

Other sizes in proportion.

The 1,623,555 State-licensed Car-Owners who use Pneumatic Tires now save about 20% of what they last year paid for ANY make and size, whether they be Goodrich or competing brands,—equal to more than \$25,000,000 per year.

And, don't forget that this giant saving to Car-Owners was never mentioned to the Public by other Tire Manufacturing Concerns until the Goodrich "Fair-List" Propaganda made it imperative that they extend the Saving to Consumers on their Tires, or lose business to the Goodrich Co.

But, notwithstanding all this,—the fact which should loom largest to TIRE-USERS is the contrast of 10% to 40%, in prices, that still exists between the low price of the best Non-Skid Tires (of fabric construction) that money can buy, or the largest Rubber Factory in the World produce,—(to wit, GOODRICH Non-Skid Tires) and all other "responsible" Tires in the field.

Compare prices and see! Then, if you are not already a Goodrich User, do yourself (and us), the justice to buy at least one GOODRICH "Non-Skid" Tire.

Test that out for Quality, Mileage and Resilience against any other Tire, at any price, which you are now using.

The result of such Test will cause you to wonder why you ever paid more for Maximum Quality, Mileage, and Resilience than the Basic price of Goodrich Non-Skid Tires?

LOS ANGELES PRODUCE MARKET

The produce market was fairly quiet yesterday for a Monday. This year's cantaloupe season in Imperial Valley is about over, and in another two weeks the only melons coming into Los Angeles will be local stock. The growers in Imperial Valley and the jobbers here both express themselves as being well satisfied with the supervision of the cantaloupe industry by the United States government as tried out this year, and expect even better results when the 1916 season comes around. Cantaloupes were cheaper in Los Angeles yesterday, due to increased arrivals of locals, and prices for high-grade stock as quoted by the best dealers were \$1.55 for pony crates, \$1.70 for standard crates, and \$1.80 for the jumbo pack. A few newcomers were noticed yesterday, such as crabapples, which were offered for sale by the large wholesalers at \$1.15 a lug box; nectarines, which could be secured for \$1.35 a lug, and

two more varieties of plums, the Wix variety, selling for \$1.25 a lug, and Satsuma plums, bringing \$1.10 and \$1.15 a lug. The crabapples are local stock and are grown in the vicinity of Los Angeles. They are of good quality and are finding a ready sale. Watermelons continue very plentiful, and the supply is being constantly augmented at the rate of ten or eleven cars a day. Green lima beans declined to 8 and 9 cents a pound, and increased consumption forced the price of tomatoes to advance 10 cents a crate.

MAGNIFICENT ILLUSTRATED BIBLE
\$5 Edition of the BIBLE
(like illustration in announcements from day to day) is bound in full flexible limp leather, with overlapping covers and title stamped in gold, with numerous full-page plates in color from the world famous Tisnot collection, together with six hundred superb pictures graphically illustrating and making plain the verse in the light of modern Biblical knowledge and research. The text conforms to the authorized version, is self-pronouncing, with copious marginal references, maps and helps; printed on thin bible paper, flat opening at all pages; beautiful, readable type. Also an Edition for Catholics

Through an exclusive arrangement we have been most fortunate in securing the Catholic Bible, Douay Version, endorsed by Cardinal Gibbons and Archbishop (now Cardinal) Farley, as well as by the various Archbishops of the country. The illustrations consist of the full-page engravings approved by the Church, without the Tisnot and text pictures. It will be distributed in the same binding as the Protestant book and at the same Amount Expense Items, with the necessary Free Certificates.

LIBRARY ASKING APPROPRIATION

(Continued from preceding page)

sustained by wear, by books lost and paid for, and for books unaccounted for at the time the last inventory was taken amounted to 437, leaving a net gain for the year of only 789 volumes, and making a total of 13,195 volumes in the library June 30, 1915.

The circulation for the year was 67,138 volumes, the greatest in the history of the library, being about four books to each inhabitant of the city. This is a gain of 6,713 over the circulation of last year.

The board has seen many opportunities for widening the activities and usefulness of the library, but owing to lack of funds it is no longer possible to keep the library up to the standard that our city demands. If we would keep that high degree of efficiency for which the library has been noted, we must use every effort to increase its usefulness.

Through the courtesy of the Los Angeles Public Library, the San Francisco Public Library, the State Library and the Congressional Library at Washington, D. C., we have been able to supply the demands of the patrons of our library to a very great degree.

There has been a gain of 1063 members during the year, making the present membership 4312. This makes about 29 per cent of the population of our city members of the library.

Thanking your honorable board for past favors in the way of revenue, etc., which alone makes its activities and influence possible, we would respectfully urge you to appropriate for us not less than 9 cents on each one hundred dollars of the valuation of city property assessed for taxation.

Respectfully submitted,
BOARD OF LIBRARY TRUSTEES,
By Dr. C. D. Ball, President.

The library subscribes for 96 periodicals, of which 7 are duplicates. There are on file in the reading room 21 newspapers.

Work With the Schools
The work in the grammar and high school has consisted of special privilege to teachers for the use of books in their work, special reference work and investigation. Several visits have been made to the Parent-Teacher Association to explain the value of the library and to invite the children to become members; 383 books have been sent to the schools.

In spite of the increase in work, which is about 41 per cent, the size of the staff has not been increased. It remains the same as it was five years ago. While it is only by statistics that we are able to ascertain the growth and use of the library, it is to be regretted that no official record is kept of the immense volume of work handled through our reference department, the efficiency of which is recognized by all. This as well as all other departments of the library has shown a steady growth.

The most important gift to the library for the year was that of Mr. Walter Eden, which consisted of 293 volumes of the Congressional Records dating back to the First Continental Congress. Also 8 volumes of American Archives by Peter Force. These books are out of print and almost impossible to obtain. Owing to pressure of work and lack of help these books have not been included in this year's accessions, but will be counted in with next year's accessions.

The library has received from fines and book reserves \$394, which amount has been turned over to the city treasurer from month to month.

Dr. Jacobs, Santa Ana Painless Dentists, 102 1/2 East Fourth, Phone 253.

No book ever printed holds such a place in literature as the Bible. As an educational work it demands a place in every home. One need not hold religious beliefs to appreciate the educational and literary value of this great work. Even though one may have many others, this illustrated Bible is the one you will use, for it brings out in pictures the very points that have seemed obscure and throws a new light on them.

Ladies' Home Journal

SAYS ABOUT THIS GREAT WORK:

THE LADIES' HOME JOURNAL
The Curtis Publishing Co.
Philadelphia
Edited by Edward W. Bok

"Why I like this illustrated edition of the Bible is because everything about it has been well done and seems to have been done in the right spirit. The Book itself has been approached by the annotator with reserve and intelligence, and by its artists with sympathy and knowledge. It has not been made into a meaningless picture book. The pictures here serve a distinct purpose. They enrich the text, but they do more; they intelligently explain it, and many a hitherto obscure passage will assume to thousands a new meaning through these eye-teaching pictures. Popularizing the Bible is a risky experiment in the hands of many, but it has been made a splendid achievement in this case."

Every one of the 600 pictures is a gem of art and the original conception of a master mind—a wordless discourse of wonderful force. These illustrations are introduced directly into the text, and each has been specially made to illuminate—i. e., "throw light upon"—the particular verse selected for illustration. Such marvelously faithful portrayal of Bible lands and scenes will prove a glorious revelation to all readers. Modern research has thrown a flood of light upon the people and places of Bible days, and this ripe knowledge shows forth on every page, so truthfully embellished, as to give the text a new and personal meaning.
